

Feathered Pipe's Beginnings

Beginning as the Holistic Life Foundation in 1975 with a vision of a better future, Feathered Pipe Foundation has consistently offered learning experiences which inspire people to discover their inner path. Over 10,000 people have studied with some of the greatest teachers of our time at the Feathered Pipe Seminars. If you are a yoga student in the U.S. chances are you have been affected directly or indirectly by the Feathered Pipe Foundation.

Since 1975 Feathered Pipe Foundation has offered seminars at the Feathered Pipe Ranch in yoga, holistic health, psychology, astrology, shamanism, the arts, and bodywork. Also sponsor tours throughout the world to foster personal growth, study ancient tribal traditions and experience the transformative energies of places of pilgrimage.

Stephanie Munk of Flathead Travel is proud to partner with Feathered Pipe Foundation to bring group travelers large or small to the Feathered Pipe Ranch. With Stephanie's expertise in group travel as well as her friendship with Feathered Pipe Foundation, of the past twenty years, a future trip to the Capital City of Helena and a stay at the Feathered Pipe Ranch would be a most memorable experience.
