

Natural Wonders of Costa Rica

February 9th – 17th, 2011 ~ 9 Day Adventure

\$2,699 * pp based on double occupancy

Describing Costa Rica is like describing a brilliant jewel. This Central American country is situated between the Pacific Ocean and Caribbean Sea in the middle of a tropical rainforest, and to add contrast, surrounded by active and inactive volcanoes. It is home to vividly colored species of birds, butterflies, fish, flowers, plants and animals. The climate is mild, the people warm and friendly, and activities are endless. Costa Rica is truly a hidden gem.

The Summit Club and Flathead Travel Services are bringing you this nine day Eco-Tour. A professional naturalist tour director will accompany the group during the entire trip you explores the many facets of this interesting country.

Participants will be riding in boats, exploring parks, gardens, galleries, and natural attractions on foot, and may even want to take an optional excursion — a ride across the rainforest canopy on a zip line. If you're up to an adventure in nature, join us and experience the Natural Wonders of Costa Rica.
