No Cost Driver's License & ID Renewal Throughout Month of July

In honor of America's 250th birthday, drivers in Montana can renew their driver's license and identification (ID) cards at no cost in July. Montana Department of Justice is waiving fees for driver's license renewals, Montana ID card renewals, REAL ID replacements, and all commercial driver's license (CDL) credentials. MVD will waive license and ID card fees to encourage Montanans to get a new citizenship marker (black eagle-in-flight) added to their cards. Fees will only be waived for Montanans adding this citizenship marker. The following fees will not be waived: new and renewal of a REAL ID, and new or renewing license or identification cards without the citizenship marker credential.

Glacier Park Int'l Airport Runway Rehab Reminder

Starting this week through the end of month, GPIA's runway will be getting an overhaul. The runway will be closed Mondays at 6:00 PM and reopen Fridays at 10:00 AM. The airport will remain open on weekends to accommodate peak summer travel demand. The airport expects 40% fewer flights in July, as airlines did not increase flights during the open weekend windows. Passengers are urged to arrive two hours early, as the airport will operate near capacity during its open hours.
